SWAGBUCKS - TV	\$21.00	\$0.70	\$3.00	\$0.10	iPod Touch Devices The Original Bunch <b>Total: 7</b>	<b>My SB Routine</b> I always say, slow and steady growth is how you want to approach making money with smartphones and computers. You want a systematic approach to how you are going to grow in the same way that you make consistent money. This is a product of a few years in my routine. You won't achieve this in a few hours. I use SB in the evening on the devices. It takes a <b>2-3 hours</b> to complete everything.	Phone models are clickable. It will take you to the exact phones I purchased on Amazon. Some are not such as the iOS devices. I buy these on eBay as deals very cheap. Click here for more info. I put my phones in groups to keep track of them. Here are the groups with the devices in them. <b>Why are some phones global GSM?</b> I like Motorola phones. They are powerful yet cost-effective. However, many models can't be rooted. Global GSM can always be rooted. <b>Why are the iPhones linking to eBay?</b> <a href="#">Watch this video</a> for more information. Buy your devices like this if possible! <b>iOS: 13</b>

The original bunch does it for <b>8 hours per day</b> . I don't do check-ins currently and just use the video function.	I like Motorola phones. They are powerful yet cost-effective. However, many models can't be rooted. Global GSM can always be rooted. <b>Why are the iPhones linking to eBay?</b> <a href="#">Watch this video</a> for more information. PERK - WORD SEARCH WOMI	\$270 - \$300	\$9 - \$10	N/A	N/A	Moto E 2nd Gen (3)	<b>My Perk Routine:</b> I don't keep track of all of my Perk devices individually, at least I have not up until this point. <b>WARNING:</b> My Perk routine changes often. I will most likely not be following this exact routine within a month from now. I have been following this Perk routine for not even the full month! eSports TV has just entered my routine. I am constantly fine tuning my Perk routine in order to see what combinations of apps make the most money and what combination do not. Perk is done <b>all of the time</b> , excluding scratch and win and Perk LIVE which are only done for a <b>4-5 hours</b> . As you can see these devices have their time filled elsewhere in this spreadsheet.	<b>The Original Bunch:</b> <a href="#">iPhone 6S</a> <a href="#">iPhone 6</a> <a href="#">iPhone 5S</a> <a href="#">iPhone 5</a> <b>Dedicated CP Devices:</b> <a href="#">iPhone 4</a> <a href="#">iPhone 4S</a> <a href="#">iPhone 5</a> <a href="#">iPhone 5S</a> <b>iPod Touch Devices:</b> <a href="#">iPod Touch 6th Gen (1)</a> <a href="#">iPod Touch 6th Gen (2)</a> <a href="#">iPod Touch 5th Gen</a> <b>Other (No Group):</b> <a href="#">iPhone 5C</a> <a href="#">iPhone 6 [MAIN]</a>

It isn't entirely auto and you will have to keep an eye on it. All 5 devices are being used with AppTrailers for <b>8 hours a day</b> .	<b>iPod Touch Devices:</b> <a href="#">iPod Touch 6th Gen (1)</a> <a href="#">iPod Touch 6th Gen (2)</a> <a href="#">iPod Touch 5th Gen</a> <b>Other (No Group):</b> <a href="#">iPhone 5C</a> <a href="#">iPhone 6 [MAIN]</a>		
QRIKET	\$25 - \$50	N/A	\$25 - \$50	N/A	iPhone 6 [MAIN]	Qriket has been working phenomenally. Mind you, You don't use Qriket traditionally for this money. Click here for a video on how to do it. I haven't made the \$50 each month though!	<b>Android: 14</b>		
ADLOVE	\$63 - \$90	\$2.1 - \$3	\$21 - \$30	\$0.7 - \$1	Moto G 3rd Gen. (1) Moto G 3rd Gen. (2) Moto G 3rd Gen. (3)	Adlove is probably my favorite new app. Money is made by using the bonus video section and more videos area. I occasionally use the listen section. This takes <b>10-16 hours</b> a day of watching to achieve.	<b>Moto G 3rd Generations:</b> <a href="#">Moto G 3rd Gen. (1)</a> <a href="#">Moto G 3rd Gen. (2)</a> <a href="#">Moto G 3rd Gen. This app varies greatly, at least more so than the other apps, on how much you can earn each day. Keep in mind I have never made it close to the upper end. I have just made the daily amount a few times. I use Baymack for the rest of the day after Adlove for <b>2-4 hours</b> until the videos run out.	<b>Junk LG Fuels:</b> <a href="#">LG Fuel (1)</a> <a href="#">LG Fuel (2)</a> <b>Other (No Group):</b> <a href="#">LG VOLT</a> (Cheapest modern phone on the list!) <a href="#">Moto G 1st Generation</a> <a href="#">LG Exceed 2</a>

(2) LG VOLT	This is a video-watching app. It has some issues like the top point balance messing up, just make sure you use the point balance in the settings to gauge your earnings. It also may not update for awhile. Keep going - it does for me.	<b>COMPUTERS: 2</b> Custom-built PC - <a href="#">click here for parts</a> ASUS Laptop K52JE
